

Priyansh Mani Tripathi

Software Engineer

📁 Professional Experience

Software engineer at Nirvana Solutions Pvt. LTD, Remote

July 2023 — June 2024

- **Standardized tables:** Created a reusable UI component, reducing dev time by 50% and ensuring consistency across the website.
- **Cross-team Collaboration:** Collaborated with cross-functional teams to design and develop user interfaces for web applications, ensuring a seamless user experience.
- **Boosted Front-End by 3x:** Fixed the architecture by optimizing the workflow of API calls on the front-end, resulting in improved performance
- **Streamlined UI Development:** Created a reusable resizer component, enabling efficient resizing of side and main panels,

Software Engineer trainee at Nirvana Solutions Pvt. LTD, Gurugram, haryana

January 2023 — June 2023

- **Hit the Ground Running:** Jumped right in, and started resolving Jira tickets which helped me learn faster.
- **Tech-Savvy Developer:** Maintained high code quality through rigorous testing. Have hands on experience of using tools such as JIRA, AWS Workspace, Git, and GitLab.
- **Enhanced Data Management:** Leveraged Redux to implement a centralized data store for critical application data, improving data accessibility and potentially reducing page load times.

🎓 Education

B.tech in computer Science, GLA university, Mathura

August 2019 — May 2023

★ Projects

Publisher

March 2023 — Present

- **Empowering Users:** Built a document creation platform (Publisher) with React & TypeScript for easy design of professional reports and fact sheets.
- **Seamless Editing:** Drag-and-drop and rich editing tools (text, images, charts) for a user-friendly experience.
- **Built to Scale:** Robust tech stack (React, TypeScript, SCSS) ensures smooth platform growth and performance.

Connectify

May 2024 — Present

- **Social Media Management Simplified:** Built a central platform (Connectify) to manage multiple social media accounts (Facebook, Instagram, etc.) from one place, saving users time and effort.
